INTRODUCTION OF PROGRAM

Dr. Virendra Swarup College of Management Studies, Kanpur organized a Guest Lecture on Managing Personal Finance: Adapt a Saving Mantra on September 26, 2019 (Thursday). Mr. Hari Om Tripathi, a pioneer in the field of Finance management, revealed how financial planning plays an important role in our personal life and how limited knowledge of financial aptitude affects everyone's life.

The session covered almost all the aspects of saving money and investing it wisely to secure the future. The discussion started with analyzing the

expenses, setting financial goals, securing the unexpected circumstances with insurance, keeping an eye on credits, start saving, begin to build a portfolio, keep track of one's plan and the exit strategies.

This was an initiative of the college to embed students for a better future by enriching them with relevant knowledge today. All students actively participated in the discussion and absorbed the benefits of the activity. The session ended by pledging thanks and presenting a memento to the respected guest.

Program Facilitators

Dr. Govind Kumar, Ms. Shweta Srivastava & Ms. Divya Mishra
